LEGAL, TAX

My name is Veit Gamper and I am an Austro-Italian international lawyer, living and working in Shanghai/China since 2006.

I am accredited in my capacity of senior corporate lawyer with the Italian Foreign Trade Commission in Shanghai.

I have distinctive experience in cross-border current and capital account transaction analysis (aspects of law, procedure, accounting and tax).

Having sat in countless meetings between Chinese and foreign business partners, I could develop a significant experience on how to approach negotiations, and, of how an international contract should be drafted in China.

Our team is specializing in securing and protecting the interests of foreign investors in China.

ACCOUNTING, TAX

I got to know AITC through the introduction of my friend, Veit Gamper, early this year and it is my pleasure to be one of the representatives of AITC in China.

I am Chinese and graduated from the Educational Institution of Wuhan, a city in Central-South of China. My major is financial accounting and auditing. I am a licensed accountant in China. In December 2011 I am planning to give my last exam with the Association of Chartered Certified Accountants (ACCA).

I have 10 years work experience, most of the time spent with foreign funded manufacturing companies. Currently, I am working as finance manager for a UK funded manufacturer in Shanghai.

At present, I am able to provide the following financial and tax services in the geographic area of Greater Shanghai:

- Implementation of financial and accounting systems for a new corporation.
- Bookkeeping, preparation of monthly financial statements.
- Periodical statistics statements.
- Annual financial statements and annual combined inspections.
- Monthly tax compliance, including payroll service and annual tax declaration.
- Tax consultation and tax planning.
- Due diligence investigation and reporting.

Hope to obtain more friends and business opportunities from AITC and develop together in the future.
