Mollo & Asociados is a company of Accountants and Lawyers founded in 1996 to render services in domestic and offshore consultancy. All members are highly qualified professionals expert in taxes, banks, companies, accountancy and management.

Its main objective is to find the most diverse solutions for national and foreign companies by way of re-organisation of partnerships, taxation plans and business advise, offering clients new options and possibilities.

Since its start, the company's policy has been that of rendering personalised attention to our foreign clients, regularly visiting our representatives in the countries of the region.

The different specializations of each of the company's members guarantee an integral consultancy based in ethical and moral principles, professional know-how, creativity and efficiency, thus offering a solid professional backing to companies and private clients from our country and from abroad
